LOCATION
Kalgoorlie, WA

DURATION
Oct 2013 - Jan 2014

VALUE
\$1 million

MAN HOURS
10,000

Project Overview

The Mungari Gold Project is located in Kalgoorlie, Western Australia. Civmec awarded ECM a contract to supply 20 skilled personnel of mixed trades to complete specialised structural, mechanical and piping works.

Working under the direction and supervision of Civmec, ECM undertook the installation of structural steel, pipe spooling, tanks and various other equipment associated with the Mungari gold processing plant.

Scope of Work

- Supply of mechanical fitters, advanced riggers and dogmen.
- Installation of structural steel, plate work such as chutes, bins, mechanical equipment, pre-fabricated pipes, site run pipes and below ground pipes.
